I think this is all  
taken care of.

I saw [redacted]  
this A.M. and we went  
to see [redacted] who was  
out for the day. At George's  
suggestion left copies for  
Logistics with George who  
will see [redacted] tomorrow  
and caution him about getting  
the requisition.

Since Pete Stanton was  
going to be in George's office  
this morning. George also  
volunteered to check on  
the status of the boxes.
